FOR IMMEDIATE RELEASE

LUNA GOLD HIRES PROJECT MANAGER FOR AURIZONA

Vancouver, March 15, 2007 – Luna Gold Corp. (TSXV-LGC, OTCBB-LGCU) (“Luna” or the “Company”) is pleased to announce that it has hired Luiz Celaro as the Project Manager for its recently acquired Aurizona project.

Tim Searcy, Luna’s President comments: “Hiring Luiz is a great addition to our Aurizona project. His breadth of experience and familiarity with developing mining assets in Brazil will be key to Luna’s efficient advancement of the project.”

Mr. Celaro is a mining engineer with an MBA in Environmental Management and 30 years of engineering, construction, and mine management experience in Brazil. He was the start-up engineering manager of Rio Tinto’s Morro do Ouro Project which, at start-up, had a head grade of 0.67 g/t. The project now belongs to Kinross and is known as the Paracatu mine.

After his time at Morro do Ouro, Mr. Celaro worked at CVRD on several new mine developments in Brazil and abroad. Later he served as Vice President of Rio Doce America, a New York based company, engaged in the marketing of CVRD products in the USA.

After leaving CVRD, he was a director of Bechtel/Promon, an engineering consortium responsible for metallurgy and mining contracts in Brazil. Most recently, Mr. Celaro was the construction and pre-operation manager for Goldcorp’s Amapari Mine in Amapa State, Brazil. The region is noted for its high rainfall, and despite the particularly severe weather conditions during the construction period, the project was completed on time.

About Luna Gold Corp

Luna is a mining exploration company with a focus on gold development in Brazil and gold exploration in Nevada.

On behalf of the Board of Directors
